2013 Delaware Withholding Record Code Table Information Sheet for 8th-Monthly Filing

Withholding Scanline and Design Clarification for Software Developers

(To be used in conjunction with the *Scanline Spec Sheet*.)

The approximate size of a Withholding Coupon is not to exceed 8 ½" x 3 ¾".
Withholding Coupons are to be personalized with the taxpayer's name, address and other variable information.
Variable information can be displayed in any readable font that fits within the space provided.

There is one scanline for each personalized coupon. It is 54 characters in length. The scanline must be in OCRA font.
It must appear at the center of an invisible block on each form whose base is 2.4" from the bottom of the form
and whose top is 2.9" inches from the bottom of the form. The scanline must begin .25" to .50" away from the left edge.
Print quality of the scanline must be at a 99% rate.

Each Withholding Coupon must include a barcode and anchor marks. Barcode specs are available at www.revenue.delaware.gov.
The Barcode Form ID for the 8th-Monthly Withholding Coupon (below) is **600**.
Position the barcode and anchor marks as they appear below. These forms do not follow a grid at this time.

All Withholding Coupons must pass both a ***Design Approval*** process and a ***Test Document*** process.

For Design Approval, e-mail a PDF or mail a hardcopy of the coupon - one for each filing frequency -
to the Delaware Division of Revenue. This coupon does not need to be personalized.

For Test Document Approval, please mail only pre-cut hardcopies to the Division of Revenue.
One test document must be submitted for each type of form, as well as for each Tax Period End Date the form is reproduced.
All test documents must be personalized with sample variable information.
All must include (somewhere on the coupon) the name of the software company for identification purposes.
